

Peter Swan Ltd provided an Engineering, Architectural and Project Management role to deliver a modernised facade to Auckland iconic 'Tip Top corner'.

TIP TOP FACADE - AUCKLAND

A 5000 tonne fish coldstorage facility is currently under construction as part of our overall site masterplan. Our company's extensive cold storage experience has been applied in a difficult environment to set the benchmark for tropical cyclone durable coldstorage design.

TRIMARINE - AMERICAN SAMOA

Peter Swan Ltd is continuing with Burger King to implement a 20/20 worldwide reimagining in an innovative way throughout New Zealand. This involves the construction of several new buildings each year and reimagining of existing restaurants.

BURGER KING - NATIONWIDE
